Fichardt Park: WOW suburb!

This is the last newsletter of 2016. The FNA is grateful to every FNA member for their diligent contributions to keep Fichardt Park 'safe, beautiful and caring'.

Safety is still our priority and our commanders and the security companies will continue their service during the festive season.

The FNA office will close on 22 December at 12:00 and will re-open on 3 January 2017. During this period members can still use the FNA cell number (073 945 4987) to obtain information or for emergencies, contact the commanders at 076 277 3022.

Blessed festive season

Conservancies

<http://www.nacsa.org.za>

We discuss urban conservancies:

There are 23 registered urban conservancies in the Free State.

The first urban conservancy in the Free State was Deneysville next to the Vaal dam (1993). The Aasvoëlberg Conservancy at Zastron was established in Februarie 1985. In Bloemfontein Langenhoven Park was established in 1996 and resulted in the "Boeremark".

Fichardt Park was registered in August 2012 and is regarded as one of the most active urban conservancies in the Free State.

Residents of Fichardt Park are requested to support the conservancy-concept by being involved in environmental issues in the neighbourhood.

The aim of the conservancy is to make an effort to prevent / limit ignorance and carelessness regarding the matters below:

- Irresponsible development which is sometimes done without proper consultation with the residents of the neighbourhood
- Damaging parks and open spaces by driving and parking on the parks
- Pollution
- Illegal dumping of any kind
- General dumping of refuse on open spaces

The conservancy will promote the following:

- ◇ To take care of the neighbourhood
- ◇ To keep the suburb clean and neat
- ◇ To involve residents with recycling
- ◇ To conserve parks, islands and open spaces
- ◇ To preserve what we still have
- ◇ To do surveys regarding plants and animals in the neighbourhood, Fichardt Park

But ... we could replace them with two skillfull members. Ernie Weyers assumes the position of Chairman of Crime Reduction and Marinda Karsten that of Membership and communication. Thank you for your willingness to fill these positions.
